

JSTBC - FALL '09

WHAT IS JSTCB?

JSTBC stands for **Journalism Software Training Boot Camp**. It is a series of 2-hour software training sessions open to UConn Journalism students & professors only.

Sessions will occur every M, W, F from 2-4PM in Arjona, Room 433. The first session is on September 9th.

WHY SHOULD YOU GO?

Whether you are a UConn Journalism pre-major *or* major, it is important for you to learn these journalism technical skills and add them to your professional resumes. Upon completion of each individual session, you will receive a "Certificate of Participation" (signed by the Instructional Developer and Department Head). These certificates will serve as an additional supplement to your files and can help inform your advisor when writing recommendations.

HOW DO YOU SIGN UP?

Please fill out the portion below and return it to Maeve Ryan in Arjona 426 **as soon as possible**. Each session has a 16-seat capacity. You can also access the schedule and session specifics online at:

<http://journalism.uconn.edu/>.
